

1. Auction

2. Music festival

3. Ticketing

4. Donations

Organization can set up fundraise campaigns for a beneficiary. Campaign has a goal (target amount) and happens over a predetermined period of time.

Campaign may be associated with an active project of the organization.

Organization adds description of the campaign and information about projects.

Events are organized to promote fundraising campaigns.

Donors can pledge to donate a certain amount of money to an organization over a set amount of time, yearly and monthly. Donors can pay their pledge by credit card, automatic withdrawal, or check.

Unregistered users and donors make donations in fundraising campaigns or directly.

Ce trebuie sa includa diagramele ERD?

- Toate tipurile de cardinalitati (one-to-one, one-to-many, many-to-many)
- Relatii unare, binare, ternare (music_festival equipment – participant - concert).
- Entitatii weak-strong (ticketing Ticket - solution)
- Subentitati, relatii de tip ISA (ticketing -- employee)
- Atribute multiple. (ticketing -- telephone)

Tooluri: Visio, Drawlo, Lucidchart, SmartDraw
